I LOVE Men!! My Mom and Dad rescued me from a bad situation about 9 months ago. They have been the first humans to ever show me any love, and I have since become very protective of them. My parents are absolutely heartbroken, because they are going to bring a baby home soon and I want to be the only baby in the house. Now, I need to find a new family that will love me and allow me to love you back unconditionally. I will need to be an only child. No other pets or children. I enjoy all of the attention. My parents think that a woman/women abused me because I really dislike all women, except my Mom, of course. I am used to getting A LOT of attention from my Mom and Dad. I run with them every evening. I can sit, stay, lay, I walk well on a leash, and I love car rides. I graduated from the **advanced** training class. I'm very healthy as well. I'm up to date on all of my shots. I'm on heartworm preventative and Frontline. I am on the calmer side for a boxer, and I don't even use a crate anymore. They leave me alone in the house while they are at work and I only play with my toys. I've never made a mess or chewed on anything. I've been through a lot in my short life. Will you give me a chance? If you are interested please call my parents (Adam and Andrea) at 772-332-4877. If you are lucky they might let you be my new parent(s).
